<p>Bunk Sox are a breakthrough in bedding for boats, RVs, campers, dorms & more. The Bunk Sox can be used as a mattress cover or bottom sheet. Made of a 50/50 cotton/polyester knit fabric, the Bunk Sox stretches to fit nearly any marine or RV mattress, including a V-berth.</p> <p>Simply unroll the Bunk Sox from one end of the mattress to the other, tuck it tight, and your days of wrestling with ill-fitting sheets are over.</p> <p>Bunk Sox serve five functions:</p> <ul style="list-style-type: none"> They protect the mattress reducing mattress replacement costs. They create a tight and tidy appearance for a bunk. People sleep better when their sheets stay tucked in and do not wrinkle. Tucking and re-tucking daily is avoided, creating a better close-quarters environment with bunk mates. Bunk Sox are stretchy so they can accommodate odd shaped mattresses. <p>See www.bunksox.com</p>
